

# Equality Day

## *A Celebration of Women*

President's Choice

Presidents Choice Test Kitchen – Loblaw Companies Limited

*“Feeding people graciously and lovingly is one of life’s simplest pleasures: a most basic way of making life better for someone, at least for a while.”*

*Anna Thomas*

Heather’s desire to connect people with food has lead her to create a unique and exciting career. Her culinary training at George Brown (2001) was further honed by her former employer and mentor Donna Dooher. During her time with Donna, Heather had many opportunities to engage people with food through hands on cooking lessons and the filming of “The Cookworks with Donna Dooher” on Food Network Canada and US.

Heathers culinary experience has given her the skills to welcome her new position as Chef at

the Presidents Choice Test Kitchen with youthful excitement. She is now able to express her talent and passion for food through PC products and recipes. She is thrilled to be working for a leading edge company with innovative and passionate product development teams.

Heather is honored that she was chosen to share her passion with you today.
